

Mr. Figure\$

Financial Literacy Musical

Financial IQ (Think To Yourself)(Ken)

What did Ken Learn from Mr.Figure\$ during their conversation?

1. Ken learned that before he can teach financial literacy he must attend financial literacy classes to be more educated in financial literacy.

1.1. Think to yourself, have you ever tried to educate someone on something that you fully didn't understand and you mis-lead them?

2. Ken learned that how much you know about how money works is your Financial IQ.

2.2. Think to yourself, do you feel your financial IQ growing because of the information you been learning?

3. Ken learned that minding his own business and growing his financial IQ is crucial when investing, because he would have to know that he isn't making bad financial mistakes that he can't catch because he wasn't properly increasing his financial IQ while minding his own money problems.

3.3. Think to yourself, have you ever herd the saying, you can't help others until you help yourself first? To help yourself first you must mind your own business to complete your goals to be able to help lead another person. Have you ever tried to help someone and you realized that you had put your life & dreams on hold to help theirs and they didn't take themselves serious and you ended up feeling like you wasted your time, money & effort that you could of spent on yourself to grow?
